Methodist Prayer Handbook 2025-2026

Our Story, Our Song

From ancient times, communities have defined themselves by the stories they tell and the songs they sing about themselves. **Our Story, Our Song** calls upon the Methodist people to join in a soul expedition deep into the heart of our calling, journeying afresh into the story of grace and the vocation that God has placed upon us – learning to live, work, pray and play in ways both true to our roots and open to the presence of God in the songs and stories of others.

Community Audit

As you may be aware there could be some major developments at our London Road site over the next few years. In order for this to happen and so that we can provide information to inform the potential development, we need to have a good idea about how the new buildings and facilities would be better suited for the use of community groups than they are at the moment, and how we can work alongside such groups to facilitate this. **This information is also necessary in order for potential funding to be made available.**

The congregation have had opportunities to share their ideas and it is now time to explore ideas from community groups. So Gill, Valerie and Jacki have been asked to **organise** a Community Audit in order to better understand the mission opportunities around the chapel.

It will involve asking Groups that already meet at London Road for ideas on how the Church Community could work **with them** to further their activities assuming anything is possible, and also speaking to other Groups in the Community.

This needs to be undertaken as soon as possible and we cannot do this alone. **Could you help?**

We will provide you with questions to use as the basis of a friendly chat to some people in each group and ask you to feedback any ideas/comments to us. There are no right or wrong answers!

For more information - just ask one of us. Please let us know if you would be willing to help us in this way, as soon as possible.

Dear Cornerstone Methodist Church
From Horsham Library

**Do you need help using computers,
smartphones or tablets?**
Book a session with a Digital Volunteer

We currently hold Digital Assistance Sessions at the Library, staffed by volunteers, offering help to those who struggle to navigate the technology that is such a big part of today's lifestyle. Whether it be help with Apps, filling in online forms, making video calls, dealing with emails and a great number of other things using a laptop, smartphone, or PC, we have a volunteer who can help. We operate an appointment system, and all sessions are free.

There has been a steady increase in the number of people using this service and we are trying to promote it further afield, particularly in a way that those who struggle to access social media etc. can be reached.
